1. Nature of operations and going concern

Blockmint Technologies Inc. (or the "Company") is a publicly traded company whose shares are listed on the TSX-V under the trading symbol BKMT. BlockMint (Canada) Technologies Inc. (formerly BlockMint Technologies Inc.) ("BlockMint-Canada"), a wholly owned subsidiary of the Company, was incorporated on December 22, 2017 pursuant to the British Columbia Business Corporations Act. BlockMint-Canada and its subsidiary, BlockMint (USA) Technologies Inc. ("BlockMint-USA") are in the business of developing distributed systems and networks that enable a more decentralized deployment of blockchain based applications such as cryptocurrency mining. BlockMint-USA was incorporated under the laws of the State of Delaware on March 6, 2018.

On February 19, 2019, the Company completed a triangular amalgamation whereby BlockMint-Canada shares were exchanged for SMC Ventures Inc. ("SMC") shares on the basis of 1.33 post-consolidated SMC share for each one (1) BlockMint-Canada share (the "Amalgamation") (see note 4). The Amalgamation was accounted for as a reverse takeover ("RTO") whereby BlockMint-Canada was identified as the acquirer for accounting purposes and the resulting unaudited condensed consolidated interim financial statements are presented as a continuance of BlockMint-Canada and the comparative figures presented in the unaudited condensed consolidated interim financial statements prior to the RTO are those of BlockMint-Canada.

The Company's registered office address is located at 29th Floor, 595 Burrard Street, Vancouver, British Columbia, V7X 1J5.

Going concern

The Company does not generate material revenue from operations. The Company incurred a net loss for the nine months ended September 30, 2020 of \$329,340 and had an accumulated deficit of \$6,305,707 at September 30, 2020 (December 31, 2019 - \$5,976,367). These conditions indicate material uncertainties that may cast significant doubt on the Company's ability to continue as a going concern. As at September 30, 2020, the Company had a working capital balance of \$2,606,370 (December 31, 2019 - \$2,944,851).

In March 2020 the World Health Organization declared coronavirus COVID-19 a global pandemic. This contagious disease outbreak, which has continued to spread, and any related adverse public health developments, has adversely affected workforces, economies, and financial markets globally, potentially leading to an economic downturn. It is not possible for the Company to predict the duration or magnitude of the adverse results of the outbreak and its effects on the Company's business or ability to raise funds.

These unaudited condensed consolidated interim financial statements have been prepared on a going concern basis, which presumes realization of assets and discharge of liabilities in the normal course of business for the foreseeable future. Accordingly they do not give effect to adjustments that would be necessary should the Company be unable to continue as a going concern and therefore be required to realize its assets and discharge its liabilities in other than the normal course of business and at amounts different from those presented in these unaudited condensed consolidated interim financial statements.

2. Basis of presentation

The Company applies International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretations issued by the International Financial Reporting Interpretations Committee ("IFRIC"). These unaudited condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting. Accordingly, they do not include all of the information required for full annual financial statements required by IFRS as issued by IASB and interpretations issued by IFRIC.

The policies applied in these unaudited condensed consolidated interim financial statements are based on IFRS's issued and outstanding as of November 27, 2020, the date the Board of Directors approved the statements. Except as disclosed in note 3, the same accounting policies and methods of computation are followed in these unaudited condensed consolidated interim financial statements as compared with the most recent annual financial statements as at and for the year ended December 31, 2019. Any subsequent changes to IFRS that are given effect in the Company's annual financial statements for the period ending December 31, 2020 could result in restatement of these unaudited condensed consolidated interim financial statements.

3. Significant accounting policies

Changes in accounting policies

New standards not yet adopted and interpretations issued but not yet effective

There are no other relevant IFRS's or IFRS interpretations that are not yet effective that would be expected to have a material impact on the unaudited condensed consolidated interim financial statements.

4. Arrangement agreement

On July 10, 2018, BlockMint-Canada, SMC and 1166066 B.C. Ltd. ("SMC Subco"), a wholly-owned subsidiary of SMC, entered into an Arrangement Agreement whereby BlockMint-Canada agreed to amalgamate with SMC Subco, which would result in BlockMint-Canada and BlockMint-USA becoming wholly-owned subsidiaries of SMC. The Arrangement Agreement was amended on September 28, 2018 and on November 30, 2018.

On February 19, 2019, the Company closed its reverse takeover acquisition of BlockMint-Canada, whereby:

- ◆ SMC consolidated its 18,708,678 common shares on a two for one basis resulting in 9,354,387 post consolidation shares outstanding;
- ◆ BlockMint Technologies Inc. changed its name to Blockmint (Canada) Technologies Inc. and SMC changed its name to BlockMint Technologies Inc.;
- ◆ The Company issued 34,914,681 post-consolidation shares to the shareholders of BlockMint-Canada (1.33 post consolidation shares of the Company for each share of BlockMint-Canada);
- ◆ The Company issued 6,650,000 performance warrants in replacement of the 5,000,000 performance warrants outstanding in the capital of BlockMint-Canada and 152,498 finder's fee warrants in replacement of the 114,660 finder's fee warrants outstanding in the capital of BlockMint-Canada, each share purchase warrant entitling the holder to acquire one post consolidation share of the Company at the exercise price in the underlying BlockMint-Canada warrant.

4. Arrangement agreement (continued)

In accordance with IFRS 3, Business Combinations, the substance of the transaction is a reverse takeover of a non-operating company. The transaction does not constitute a business combination as SMC does not meet the definition of a business under the standard. As a result, the transaction is accounted for as a capital transaction with BlockMint-Canada being identified as the acquirer and the equity consideration being measured at fair value. The resulting unaudited condensed consolidated interim statement of financial position is presented as a continuance of BlockMint-Canada and comparative figures presented in the unaudited condensed consolidated interim financial statements prior to the reverse takeover are those of BlockMint-Canada.

IFRS 2, Share-based Payment, applies to transactions where an entity grants equity instruments and cannot identify specifically some or all of the goods or services received in return. Because BlockMint-Canada issued shares with a value in excess of the assets received, the difference is recognized in profit or loss as a transaction cost. The amount assigned to the transaction cost of \$3,458,765 is the difference between the fair value of the consideration and the net identifiable assets of SMC acquired by BlockMint-Canada.

Consideration - Shares: SMC shareholders	\$ 3,835,279

5. Digital currency

Digital currency is measured at fair value using the quoted price on www.coinmarketcap.com. Management considers this fair value to be a Level 2 input under the IFRS 13 *Fair Value Measurement* fair value hierarchy as the price on this source represents an average of quoted prices on multiple digital currency exchanges. The Company is relying on the data available at www.coinmarketcap.com to be an accurate representation of the closing price for the digital currency.

As at September 30, 2020, the Company's digital currency consisted of Monero with a fair value of \$1,293 (December 31, 2019 - \$533). Digital currencies are recorded at their fair value on the date that they were received as revenues and are revalued to their current market value at each reporting date based on the closing price obtained from www.coinmarketcap.com.

Digital currencies have a limited history and pricing has been very volatile. Historical performance of digital currencies are not indicative of their future price performance. The Company had undertaken a conservative approach and had no immediate plans to deploy additional blockchain based applications based on digital currency prices at the time. As a result the Company has taken an impairment charge equal to the carrying amount of equipment.

11. Loss per share

The calculation of basic and diluted loss per share for the three and nine months ended September 30, 2020, was based on the loss attributable to common shareholders of \$136,654 and \$329,340, respectively (three and nine months ended September 30, 2019 - \$92,494 and \$4,084,617, respectively) and the weighted average number of common shares outstanding of 44,269,068 and 44,269,068, respectively (three and nine months ended September 30, 2019 - 44,269,068 and 40,969,173, respectively). Diluted loss per share did not include the effect of 6,650,000 warrants for the three and nine months ended September 30, 2020 (three and nine months ended September 30, 2019 - 6,650,000) as their effect is anti-dilutive.
